C_{kf}	=	10 pF

Remark When using a sinusoidal input signal care should be taken not to exceed the maximum admissible W_{g2}.

Observation En cas d'un signal d'entrée sinusoïdal il faut faire attention à ne pas dépasser la valeur maximum admissible de W_{g2}.

Bemerkung Bei Verwendung eines sinusförmigen Eingangssignales muss darauf geachtet werden dass der maximal zulässige Wert von W_{g2} nicht überschritten wird.
